

## Proposal by Western Power Distribution

Could you kindly inform the council of a proposal to land a new electricity substation close to the existing one at Manningham Road, rear of no. 5 Courtman Road.

The driver is increased demand in the local area and expected domestic car charging. The proposed new substation would be in a glass reinforced plastic housing of approx. 2.2 M High, 3.1M Wide and 2.3M deep in brown, light green or dark green colour.

Map provided by Western Power below

Email 08/03/22 we'd be looking a lease or purchase.
